Vision

We strive to educate strong women of Truth and Love.

Intentions:

Our *Restorative Practices Policy* will:

1. Create within the College community an affirming climate that gives expression to the Gospel teachings of love, compassion, tolerance, acceptance, forgiveness, reconciliation and justice.
2. Give expression to the relationship of faith, care and support that characterise the College's vision, ethos and practice.
3. Ensure that Restorative Practices are integral to and permeate the total environment and culture of the College.
4. Underpin structures and practices intended to support the individual student and all members of the school community.
5. Promote resilience in both the person who is harmed and in the person who causes the harm in a given situation.
6. Assist those who cause harm to learn from their mistakes, to reconcile their differences and to resolve their problems with others.
7. Guide the application of all discipline at the College.

Consequences:

The College will:

1. Implement the Restorative Practices Policy to guide all discipline at the College.
2. Provide training for Year Level Team Leaders in the leadership of Restorative Practices.
3. Provide professional learning for all staff (teaching and non-teaching) in the implementation of Restorative Practices.
4. Implement a range of Restorative Practices that aim to bring about resolution, repair damaged relationships and see a new way forward.
5. Retain accreditation from MACS as a Restorative Practices School.
6. Ensure that the policy is evaluated on a cyclical basis.
